| Experience | Self-Employed | Product Designer | | | |
|-------------|--|--|--|--|--|
| 2,50,0,00 | 2021 - Present | I founded, designed, and built Scout, a tool to help people find natural wine. I also co-founded and designed Pop-in, a mobile app that helps friends meet up in real life, and designed and built web and mobile projects for HBO and other clients. | | | |
| | Lumi | Lumi Lead Product Designer 2019 - 2021 | | | |
| 2015 - 2021 | | I designed a multi-platform marketplace that connects e-commerce brands with packaging manufacturers. This work reduced the average quote request response time by 50% and the average sales hours per client by 40%. I also built a new design system using Figma and created a design system wiki. | | | |
| | | As a design leader, I interviewed and onboarded new dedesign review sessions, and mentored junior designers. member of our small product team, developing feature to advocate for features that would improve our clients' | I was also an integral requirements and using data | | |
| | | Senior Product Designer 2017 - 2019 | | | |
| | | I designed an internal tool for managing orders, quotes, created a quote request flow and built a design system | • | | |
| | | Founding Product Designer 2015 - 2017 | | | |
| | | I designed a platform for creating and ordering custom and brand collateral. | packaging, a marketing site, | | |
| | Slate Studio | Interactive Designer | | | |
| | 2014 - 2015 | I designed a fitness streaming app for Lionsgate, a mob startup, and a CMS tool. Other clients included Tribeca, | | | |
| | Freelance | Interactive Designer | | | |
| | 2013 - 2014 | I designed an online store for a women's clothing retailer and designed and built websites for shows on IFC and Comedy Central. | | | |
| | Sprocket House | Web Designer | | | |
| | 2012 - 2013 | I designed websites, branding, and collateral for small businesses. Clients included a non-profit, an energy company, a restaurant, a distillery, and a production company. | | | |
| | ReverbNation | Web Designer | | | |
| 2011 - 2012 | | I was the sole designer responsible for the UI/UX of a music networking platform. I designed a band profile page, a music player, and other features. | | | |
| Education | University of North | Bachelor of Arts in Visual Communications | | | |
| | Carolina at Chapel Hill 2006 - 2010 | Relevant courses: Web Design, Computer Programming, 3D Modeling & Animation, Logic, Video & Audio Production, Photography, Psychology | | | |
